

Hilton Hall Community Centre: Repairs & Refurbishment: Clearance Work at Rear of Hall – February & March 2013

'Groundworks' at the rear of Hilton Hall (inside the 'Fenced' compound).

Our latest Volunteer – Richie – who lives in Hilton Road, offered his help clearing up the mess & rubble.

It took Richie & the HHCA Team a couple of days to get this far.

We also managed to recycle more than thirty Bags of Rubble (collected from around the site) by using them in the Drainage Ditch 'Soak-Away' (situated around the base of the building).
