

## Hilton Hall Community Association 2015 ~ Repairs, Refurbishment & Maintenance ~ Front Drive; Replacing Broken Slabs 26th January 2015

The Slabs that we laid down five years ago (for off-road parking on the front of Hilton Hall) have gradually, over that time, started to break-up and crack, so it was time to get them replaced. We managed to get some sponsorship from a local company who offered their services to do the job for us. They are SOS Landscapes (see their Advert below), who spent the last week in January removing the old slabs, putting down a proper foundation base and re-laying the existing reclaimed slabs for us, together with adding new slabs to replace the damaged & broken slabs. HHCA paid for the materials and SOS Landscapes provided their Labour to do the job for us.

There are more photos to follow soon. But in the meantime, if you know of anyone who needs the services of SOS Landscapes then please pass on their contact details to them to get a Free No Obligation Quotation.

# SOS LANDSCAPES

- FREE QUOTATION
- NO OBLIGATION
- 10 YEAR GUARANTEE
- HARD & SOFT LANDSCAPING
- GROUNDS MAINTENANCE
- JET WASHING
