

Hilton Hall Community Association 2015 ~ Repairs, Refurbishment & Maintenance ~ New Planting 1st March 2015

Our resident Horticulturalist Heather planted 36 Primroses, 20 Tête-à-Tête, plus over 100 Bulbs (daffodils, Crocuses & Iris) whilst Debbie cleaned the Windows.

This is only the start to our 2015 planting programme. We decided to plant these pretty 'Primroses & Tête-à-Tête (mini-daffodils)' in readiness for our Community Open Day / BMX Open Day (scheduled for Sunday 22nd March 2015). Once these beautiful flowers have 'had their day', and start to wilt, we intend to replace them with a load of Perennials in these 'Oak Planters' that are situated at the front of Hilton Hall.

Watch this space to see how they grow . . .
