

## HILTON HALL COMMUNITY ASSOCIATION. WINDOW CLEANING AT HILTON HALL: 4<sup>th</sup> APRIL 2018

Each month the HHCA Management Team (led by Debbie) cleans the Windows at Hilton Hall Community Centre. This great facility is kept clean inside and out, but obviously this is even more noticeable when the windows and frames (& surrounds) are kept clean & shiny.

We have a great deal of pride in this wonderful building and this is reflected in how we look after and care for our Community Centre.

The Water Jet Washer was kindly provided 'on-loan' to us by Ed Cox of Lanesfield. This tool is most useful in getting grime off the windows, frames and fascia panels and was used on this occasion to remove 'Eggs' that had been thrown at the windows by some mischievous little 'So & So' (*a most immature and childish form of vandalism*).
